This is Winn’s first time in the Parade, as he met the age requirements in March on his 9th birthday.

He’s still active, enjoying the lower jump height with his usual wide grin. Here’s to many more years, running with joy.

### Lakeway's Bella Halloween Boo "EllaBoo"

Pembroke Welsh Corgi - Age 9  
Handled by: Ellyce Thompson, St. Paul, MN

Photo by Amy Johnson (Great Dane Photos)

Born on Halloween, EllaBoo turns 10 this year and although she is running as a veteran dog now, she shows no signs of slowing down. We take plenty of breaks which are filled with long walks. Hopefully this will keep her flying around the agility ring for many years to come.

She has been an incredible teammate, the dog agility people dream of having for an agility partner, but it didn't start out that way. In our beginning, we battled. Who knew a wee corgi gal could have such opinions, such tenacity and such forgiveness! 3 MACH, 4 trips to nationals later, a million laughs, and even more joyful memories. All I can say is thank you my sweet EllaBoo, thanks!

### Busy B's Legacy of Summer "Piper"

Pembroke Welsh Corgi - Age 9  
Handled by: Patty Fulton, Blaine, MN

Photo by Amy Johnson (Great Dane Photos)

Piper has always worked hard to live up to her kennel name as a Busy B and whatever game is on the table is fine with her. Piper has earned advanced titles in agility, obedience, and tracking, including Minnesota's first OTCH-C; is nationally ranked in both obedience and agility, but is just as happy to wheedle cookies out of unsuspecting humans with her circus dog tricks.

She is fairly famous for her creativity in the ring whether deciding to create her own course, stopping for a quick roll on the turf in the middle of jumpers or politely delivering her Utility glove to the judge instead of her handler. These antics are always completed with a huge Corgi grin, sparkling eyes, and a heartfelt hope for doughnuts.

### Caamora First Flight "Will"

Pembroke Welsh Corgi - Age 9.5  
Handled by: Bonnie Boudreau, Rosemount, MN

Photo by Bryan Jones (Jessie's Photography)

Will started out as a 'second choice' when the puppy I had been waiting for went to another home. From the first day, he set about becoming number 1. He was a happy, affectionate, enthusiastic puppy and still is as an older dog. He is the best big brother to new puppy Gil.

He is also pretty resilient coming back long ago from total shutdown in the agility ring - you'd never believe it now. His accomplishments include his CGC, titles in Rally and canine Freestyle, and long ago qualifying as a Therapy dog. He also has agility titles in AKC and, best of all, his NADAC and CPE Championships.

### Mitsu Beeshe Turbo "Beeshe"

Shetland Sheepdog - Age 10  
Handled by: Stacy Reinolt, Rogers, MN

Photo by Amy Johnson (Great Dane Photos)

Beeshe is a 10 year old Sheltie who celebrated her Birthday yesterday. She has been competing in agility for 7 years and earned her CATCH 2 this year.

Beeshe enjoys running agility and also loves to bark when entering tunnels which always makes for a fun Tunnelers run.

Another favorite thing Beeshe enjoys is playing Frisbee. She doesn't seem to have an off button and is like the Energizer Bunny. She keeps going, and going, and going and never wants to stop.

Beeshe is a very sweet and loveable Sheltie and is a very fun agility partner.

### Whitestone's Miracle of Atlas "Mira"

German Shepherd Dog - Age 10  
Handled by: Tracie Karsjens, Rogers, MN

Photo by Amy Johnson (Great Dane Photos)

Mira has been a very special dog from the start. At seven months old we learned she had been stepped on by her mother as a baby and her pelvis had been crushed; arthritis was already setting in and the chances of her living a normal life were slim. Fast forward 9 1/2 years later and Mira is not only still getting around, but still running agility. She's earned six agility championships and 60 agility titles as well as 9 rally titles and some conformation titles.

Everything Mira has accomplished was done HER way on her terms. She has rules for how agility must be done and makes sure they are adhered to. She decided when to retire from rally and we're confident she'll let us know when she's done with agility. Mira is a gentle soul with big opinions and an even bigger heart. She's been an amazing teammate and an even better companion. We didn't know when we named her what a Miracle she truly would be.

### Avatar Whiskey J of Bayshore "Whisk"

Border Collie - Age 10  
Handled by: Shirley Wallace, Wrenshall, MN

Photo by Becky Hart

Whisk was born May 8, 2003, and life has been a roller coaster ride since then. He loves his Mama and agility, in that order. It hasn't always been a smooth journey. In the beginning, Whisk thought he could do agility on his own, no need for any guidance from me. But we kept at it, and eventually he learned it was more fun to run with me than on his own. Our team finally came together, and he is a joy to run.

He has also had time off for carpal injuries, but we worked through that too and he is once more sound. In 2008, Whisk was 2nd in his height group at the NADAC National Championships. He would have been first if his Mama would not have made a mistake. The crowning glory came in June 2012 when he finally achieved his NATCH/Versatility NATCH. Whisk gives me everything he's got, and I try to do the same for him. I am doing everything I can to keep my boy going as long as possible. He is the love of my life.

### My.T.Hi Walking on Sunshine “Sunny”

Shetland Sheepdog - Age 10.5  
Handled by: Shari Vespsted, Prior Lake, MN

Photo by Amy Johnson (Great Dane Photos)

Sunny has been rocking NADAC since 2004 when she got her very first ribbon on a Tunnelers run. She earned her first NATCH at the MMBC New Year's Trial at the end of 2006, and has gone on to earn NATCH 8 and Versatility NATCH 5, plus a number of CPE CATCH titles. Sunny has been to most of the NADAC Championships since 2006 and made the Finals in 2010. Shari never expected to take her to this year's Champs, but the little girlie is still woofing at the start line and charging through her weaves, so Double Digit 2013 Championships, here we come!

For Shari, every run now is a joy, every run a treasure, even when Miss Sunny does her oh-so-famous course designs. At 10 ½, she has earned the right as a master designer, and no matter what happens, she will always get her cookies.

### Josephine Jezebel Marie Lowry “Josie”

Mixed Breed - Age 10.5  
Handled by: Pam Lowry, Princeton, MN

Photo by Glossy Paws Photography

Josie has done little agility since the last Parade of Vets. She has been resting since late September and doing rehab since January.

Despite her limited activity she earned her C-ATCH 3 and was in the AMBOR rankings for UKC Rally level 2, and NADAC open level agility. She was the 3rd place AMBOR dog for CPE agility level 5.

She misses agility. She mostly misses visiting ALL her friends whether they are ring crew, photographers or judges.

The picture I chose for Josie's bio shows what any dog sport is about; teamwork and LOVE!

### Nala the Leaping Lioness “Nala”

Mixed Breed - Age 10  
Handled by: Jamie Elvert, Rochester, MN

Photo by Jamie Elvert

Jamie spent the first eleven years of her life begging, wishing, pining for a dog. She finally got her wish in the form of a little golden mutt puppy named Nala. That little puppy grew into a bigger puppy, and she developed various quirks along the way. Her inability to walk on the left side when going up or down stairs, her fear of slippery flooring, her hatred of cuddling... these traits and more make Nala one of the most neurotic dogs in the world.

But what really makes Nala the greatest dog in the world is her ever-present playfulness. Even at nearly eleven years old, Nala lives to chase balls, tug, and, of course, play agility.

Mixed Breed - Age 11  
Handled by: Rosanne Bane, Minneapolis, MN

Photo by Amy Johnson (Great Dane Photos)

Blue earned her Open Versatility Award in April, just a few weeks after toxicity from a medication made us fear we might lose her to a brain tumor. It was pure joy just to see her run!

Of course, Blue doesn't care about awards or Qs. She's still in it for the Frisbee she gets to chase when we've finished a run.

Training a younger dog this year made me realize just how much Blue knows and how steady and reliable she is. Blue is the best agility partner I can imagine.

### Pinebrook Kola Snowpup “Kola”

American Eskimo - Age 11  
Handled by: Kathy Thacher, Northfield, MN

Photo by Herreid Photography

Kola is an 11-year-old miracle man. Last year, six days after achieving his CATCH, he suffered a spinal stroke while running in the back yard. It paralyzed his rear legs, leaving him unable to stand or even sit.

After months of rehab that included milestones like "I think he felt that toe pinch!" and "I saw his leg move!", Kola began to make real strides. He began with a wobbly stand, moved up to walking with the help of a sling, and then there was no stopping him.

Once he could walk on his own, he decided to defy the odds and began running, jumping on the bed, and climbing stairs. With spirit like this, he couldn't be left out of agility trials and continues to run ground obstacles only with amazing speed and the biggest smile ever seen on an agility course.

### Zachary Scott “Zak”

Jack Russell Terrier - Age 11  
Handled by: Laura Breckheimer, Minneapolis

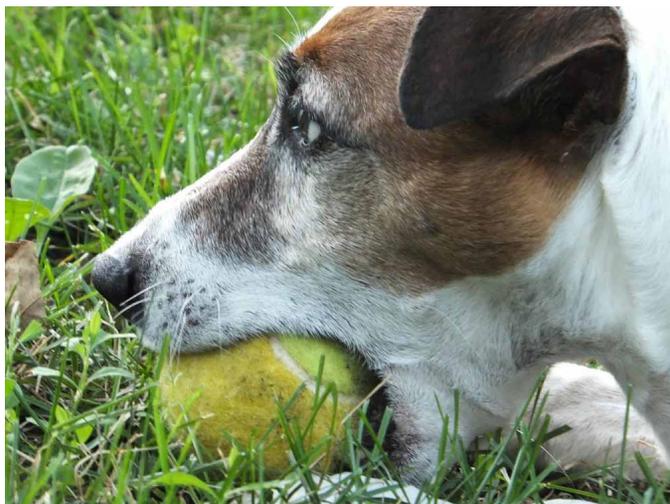

Photo by Laura Breckheimer

Zakiak the Maniak is 11 years young this year! Clearly time flies when you're having fun with a noisy "Lil Man"!

He continues to adore the active side of life entertaining us all at agility (CATCH 2 this year), rally, K9 Nosework, hiking, go-to-ground, vermin patrol, terrier racing and doing his tricks 110%. He makes his mama proud daily and enjoys humbling her regularly! Zak and I are on a journey with a goal to prove we can do whatever we set our minds to do. Some things may take a bit more patience, love, commitment, and a great sense of humor... but the joy is in the journey (and the nicknames...Oh Zachary Scott Anthony Marcus James Frederick Taylor!!!).

Make the most of every run, every day...make a memory for BOTH of you! Onward to many more adventures "Shortie"

### Hi-Jinz Black Reign “Taiko”

Shiba Inu - Age 11  
Handled by: Michelle Hewitt, Inver Grove Heights

Photo by Amy Johnson (Great Dane Photos)

Taiko has far exceeded any and all expectations I ever had. He rarely lets me forget he's a Shiba, when decides he is not going to do something, very little will change his mind. Instead of fighting him, I established Taiko's Agility Rules:

Rule #1- Agility means run! No 2 on 2 off or stopped tables!  
Rule #2- No start line stays for us, there's no point to stay!  
Rule #3- Make that front cross or accept the off course!  
Rule #4- Agility is played only with me and only me!  
Rule #5- Reward lavishly after ALL agility runs no matter what the outcome. The more expensive the reward, the better!

Taiko and I play agility together for the love of running together now. That 30 seconds in the ring when we are communicating flawlessly together is an experience few in the world get to share with their dog. Even fewer get to share it with their "Hatchi." For that, I am ever grateful.

### Pinebrook Shasta Snowpup "Shasta"

American Eskimo - Age 11  
Handled by: Kathy Thacher, Northfield, MN

Photo by Herreid Photography

Shasta was destined to do agility before she was even born. I saw my first trial while waiting for her birth and it looked like such a blast, that I knew we had to try it. And it turned out to be every bit as much fun as I'd anticipated!

Over the years, we've both learned a lot, suffered some setbacks, (including a shoulder injury that nearly ended her career), met some goals, and discovered that fun is only the beginning. The bond that develops between a dog and handler is indescribable, and sometimes I think I can read Shasta's thoughts. As long as she keeps telling me she wants to do agility, I'll keep listening.

Photo by Amy Johnson (Great Dane Photos)

Mitsu is a 11 1/2 year old Sheltie that loves running agility. She earned her CATCH 2 this year and only a few Q's away from earning CATCH 3. She has also finished all Champion Titles in CPE.

Mitsu's other favorite things to do are go for a walk, play with her sisters (Beeshe & Mirage) and chase the Frisbee.

Mitsu is a Valentine's Day Pup, born in 2002. She is a sweetheart and has a very special place in my heart as she is my first agility dog.

### Noel Olivia Elizabeth Lowry "Noel"

Mixed Breed - Age 11.5  
Handled by: Pam Lowry, Princeton, MN

Photo by Herreid Photography

Noel has also been doing rehab for much of the year, but don't tell her that! Given the chance to run, she certainly doesn't look or act like she's 11.5! In her limited time showing in the last year, she earned her CT-ATCH 3 (Her 5th CATCH overall). She was in the rankings of AMBOR for UKC Rally Level 2, NADAC in open and Elite classes, and was the NUMBER #1 AMBOR dog for CPE Level 5 dogs in 2012.

I am so proud of my girlie for all she has achieved after bringing me into the world of dog sports. I have learned much from my Velcro dog and would not trade it for anything. I love the fellow charter member of Team Plates and Screws, also known as Two-knee New-knee Belle, with all my heart.

Handled by: Patty Gibbons, Minneapolis, MN

Photo by Amy Johnson (Great Dane Photos)

Ty came to me as a rescue at the age of two. I was considering adding another dog when I saw a posting from a woman at work who was going to bring her back to the Humane Society. She is the sweetest most lovable dog you could ever meet. We met at Minnehaha Falls in the middle of a snowstorm. She and my other dog hit it off instantly and were best friends from that day forward. Ty is my first agility dog and has been a wonderful companion.

We were sidelined during her prime when I broke my heel and she injured her ACL, but thru it all she has been so patient with me while I learn this sport of agility. I still have lots to learn, but she's an old pro still patient as ever... while I catch up.

### Tanzer Wagner “Wagner”

Pembroke Welsh Corgi - Age 12  
Handled by: Ellyce Thompson, St. Paul, MN

Photo by Amy Johnson (Great Dane Photos)

Wagner still loves nothing better than to just be with me... on a walk, reading a book, camping, hiking, hanging around at an agility trial, or helping with laundry out on the line. He has been my constant companion, best buddy and protector.

The first time I saw him, he came barreling around the corner and all I could see was ears and feet! He missed the turn, puppy tumbled, bounced off the wall, scrabbled to his feet, and ran right into me, coming to rest on my feet. He looked up with the goofiest smile, tongue almost hitting the ground! I picked him up and, well, he bit me! It was love at first bite!

Wagner finished his agility career in July. On his last tunnelers run, he ran with his usual exuberance, his smile plastered ear to ear. He gave it his all, but he is becoming less and less sure of his rear-end and footing as he has developed degenerative myelopathy. Everyday with this Corgi boy of mine has been blessing, and each one of the coming days will be precious and cherished! One more time, you and me buddy... let's go!

Rex came into my life when he was about 4 years old after being picked up as a stray. It took us awhile to see eye to eye. He was a tyrant in obedience class, training him was like trying to break a wild horse! Then we discovered agility and formed a bond and a new level of respect for each other.

He is my first agility partner and the BEST teammate. He taught me patience, perseverance, humor, humility, how to laugh at myself, how not to take life too seriously and most of all, teamwork. He has taught me far more than I ever thought I needed to know.

Thank you Rexie, for continuing to teach me what I never knew I needed to learn. Now, where's your ball? LET'S PLAY!

Rabbie has been doing agility for ten years now. He's a little slower than he used to be, but he's just as willing to run and play. Rabbie reached the milestone of 1,000 NADAC points this year.

Rabbie continues to seek out new experiences – he tried sailboard rides this summer. Besides going to agility classes, he keeps himself busy being the boss of his household and his neighborhood, barking at rollerbladers and skateboarders, begging for treats, kissing anyone who gets close enough, and just generally being cute.

Bailey has always been willing to do whatever I've asked her to. True to her spaniel nature, her world is complete when she's doing things with her people. This has made her a delightfully fun "Novice A dog" as we managed to try every single sport I've ever wanted to. We may have only done a few activities once (sheep herding is not for spaniels, apparently), but we did them!

She never fails to make me look like a good trainer by always living up to her tagline; she is my Hall-way Monitor, the rule abider and enforcer.

Ace came to us 14 years ago as a sort of a foster dog, a farm dog to be more exact, to be socialized and prepare for a forever home. After three failed attempts at being adopted, we decided that Ace needed to be with us forever!

He trained and competed in agility for 10 years, earning many titles. He also dabbled in obedience, although he would say that his world would have been complete without it. Ace finished his show career being a PeeWee conformation dog for a friends' 4 year old son! What a team they made! Now in retirement, he is content to go for walks and correct a puppy or two if they need it.

### Thank You!

It's hard to believe that this is the 6th year we've done the Parade of Vets.

What a great time we've had making memories of so many special dogs! Thank you all for your dedication and participation year after year!

I took a step back this year and reviewed the booklets for the past 5 years - so many treasured friends waiting on the other side - and so many great memories came to mind and smiles to my face, and only a few tears to my eyes.

For all of us, the years will continue to pass too quickly and there will never be enough time to make those special memories or share those special experiences - so make sure you all take the time to smell the roses and put a priority on your journey.

Until next year!
